

What to Expect

A home inspection is an objective visual examination of the physical structure and systems of a home. A professional home inspector will provide you with an objective, independent analysis of the home's major systems and components. If any problems are found, the inspector may recommend further evaluation or remedies by a licensed contractor. The inspector will also advise you about maintenance recommendations on your new home and its systems.

A home inspection summarizes the condition of the property at the time of the inspection and provides you with the information to help make a sound decision. An inspection is also your opportunity to learn about your new house and ask the inspector questions.

A Thorough home inspection will include the following:
